Description

Each year the MBA Games partners with a charity that exemplifies the core values of the theme and makes meaningful impact within its community. We are excited to announce that this year's MBA Games charity partner is Empowerment Squared. Empowerment Squared empowers youth to realize their potential and achieve their dreams through sport, education and mentorship.

As a part of the partnership, all the competing teams and members raise money and awareness for the charity to allow them to continue to give back and expand beyond what they currently offer.

The 2020 MBA Games Organizing Committee has created a **website** where teams can create their own custom pages and include all their team members. The website will help track progress and showcase our top teams throughout the process.

Your Goal

In order to account for different team sizes, we are setting each team goal based on the number of people attending the 2020 MBA Games (including coaches).

We challenge every team member to raise at least **\$100.00**

I.e. if you have a team of 40 people with 1 coach, your goal is \$4100.00

Scoring

While there is no official minimum that each school is required to reach, your fundraising total will impact your Spirit score as well as your overall score for the MBA Games competition. The weighting of the fundraising portion is equal to the weight of the other four spirit competition events.

Bonus Points*

Additionally, bonus points will be awarded each time a team accumulates another multiple of their original goal. E.g. If your team goal is \$3000 and you are able to raise \$6000 you will be awarded 1 bonus point unit, and if you raise \$9000 your team will be awarded 2 bonus point units.

**A detailed scorecard will be released prior to the start of the Games. Depending on several variables including the outcome of all the events, one or two bonus point units may have the power to ultimately decide the winner of the spirit category and even the overall MBA Games Title.*
